

Revansh Sharma

AI & Game Development Enthusiast

✉ revanshsharma.ai@gmail.com  LinkedIn  Github

Profile

Creative and ambitious AI & Game Development enthusiast with a strong foundation in coding, design, and innovation. Founder of multiple projects and startups, blending expertise across AI, graphics, and game design. Unique in working extensively on iPad and mobile-first development workflows, leveraging cloud platforms like GCP and Azure. Known for leadership in football, mentorship in coding/design, and managing international design teams.

Work Experience

Founder, ZeroTheory Founded ZeroTheory, a student-driven initiative focused on gamified learning, AI innovation, and practical tech education.	2025 – Present
Founder, CTRL : REFL3X - Developing an indie PC game with 10 chapters, NPCs, and free-roam gameplay. - Managing narrative design, gameplay mechanics, and technical development.	2022 – Present
Designer / Developer, Freelance Worked on branding, ads, and small-scale AI prototypes for diverse clients worldwide.	2020 – Present
Volunteer Tech Lead, NASA Space App Challenges Volunteered in the field of tech in GGITS organised Nasa hackathon to showcase my technical skills and make the event go smooth.	2025 – 2025 GGITS
Founder, Rev Works - Founded and scaled a creative startup delivering international graphic design services. - Hired and managed international graphic designers for branding, UI/UX, and marketing projects. - Built prototypes such as Krishimitra (AI assistant, SIH submission) and Space Habitat (futuristic concept). - Delivered projects for global clients while mentoring juniors in design and development.	2020 – 2024
Assistant Director, AIALCHEMIST Led AIALCHEMIST as the Assistant Director	2025 – 04/2026
Student Ambassador, Google - Promoted Google Gemini in my college campus - Hosted google activities and referred people - Got selected as Google Student Ambassador twice (GSA 2.0 and GSA 3.0)	12/2025 – Present
President, Microsoft Learn Community - Hosted Microsoft related events with Microsoft student ambassador - Worked as Technical lead in Github Dev Days - Hosted Microsoft Learn April Certification Drive (2026)	04/2025 – Present

Education

B.Tech in AI & ML, *Gyan Ganga Institute of Technology & Sciences, Jabalpur*

08/2025 – 09/2029

- Focus: Game Development, Artificial Intelligence & Machine Learning

Jabalpur

High School, *Mount Litera Zee School, Jabalpur*

Jabalpur

- Class 10: 83.5%
- Class 12: 62%

Technical Skills

Languages

- Python (NumPy, Pandas, TensorFlow, Matplotlib, Pytorch)
- C, C++ (Basics)
- TypeScript
- HTML/CSS
- Node.js
- React.js
- Java

Databases & Backend

- MySQL
- Oracle SQL
- MongoDB
- PostgreSQL
- Firebase

Cloud & Platforms

- GCP (Colab)
- Azure
- Vercel
- Cloudflare
- AWS

AI / ML / CV

- Neural Networks
- OpenCV
- MediaPipe
- Voice Assistant Libraries
- Data Science

Version Control & Deployment

- Git
- GitHub (branching, merging, PRs)
- Vercel

Awards & Recognition

Campus Leader, *Aheadd.ai*

17/04/2026

- Got felicitated as Campus Leader for Aheadd.ai in Gyan Ganga Institute Of Technology and Sciences

Student of the Year, *RedFm*

01/12/2022

Leadership in Football, *Various*

01/12/2021

- captained teams and led them to multiple tournament wins since 2022.

Projects

CTRL : REFL3X, *Indie narrative-driven PC game*

- 10 chapters in development.

Krishimitra, *AI prototype for Smart India Hackathon*

- Concept stage.

Space Habitat, *Prototype for futuristic living environments*

Agentic & Generative AI, *Cloud-based AI agents*

- Built on iPad using GCP.

Hand Gesture Recognition, *Gesture-based systems*

- Built using OpenCV + MediaPipe.

Voice Assistant Prototypes, *Python assistants*

- Developed using speech libraries.

Other Achievements

Mentorship, *PROMPTVERSE 2025*

2025 – 2025

- Mentored 300+ students globally on the topic prompt engineering.

Mobile-first workflow, *Pioneered development on iPad*

- Building AI and game projects on iPad & mobile.

AMD Community Initiative, *Initiating AMD Community at GGITS*

GGITS

- Working to bring official AMD University Program to the campus.

Certifications, *Cloud Skills*

- 100+ Badges in Google Cloud skills and Microsoft learn.
- Arcade Novice Tier 2025 Cohort 2
